## ABOUT US

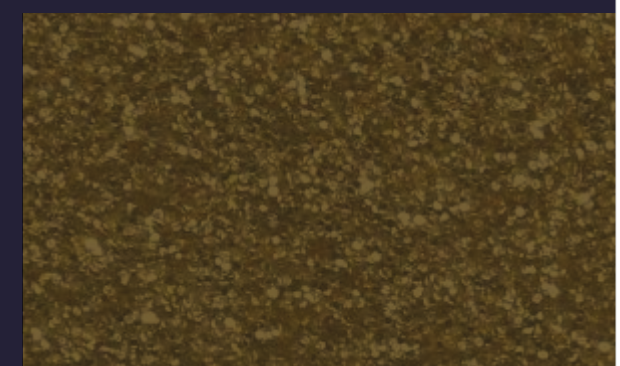

Crezza's wide collection of aesthetically pleasing high pressure laminates (HPL) is shaped by our commitment and dedication to avant-garde design and using state of the art technology in manufacturing.

Being an Inner Space Surfacing Specialist, we meld out only the best for those who like, and deserve, the best of both worlds. Our laminates collection represents the latest in contemporary design because we look to the global design industry at large. Our service is unparalleled as we work closely with every designer or architect, providing prompt response and excellent sales support. Our quality of laminates is now well-known throughout the industry as they are manufactured under stringent control in Gujarat (INDIA). And together with our competitive pricing, we probably offer the best laminates you can ever buy.
